## FRATERNAL ORDERS GIVE RECEPTION TO NEWLYWEDS

I. O. O. F. and Rebekahs Join in Honoring Mr. and Mrs. Roy Pauli Tuesday Evening.

To express their regard and appreciation for a loyal and devoted member of the Order, who had for years given his time and talent to make others happy, the Odd Fellows and Rebekah Lodges joined in a splendid reception to Roy Pauli and his bride Tuesday night. The newlyweds had just returned from their honeymoon and the reception was arranged as a surprise, the Lodge members gathering first at I. O. O. F. hall and going from there to the Pauli home where they serenaded Mr. Pauli and his bride. The family were quite entertained Mr. and Mrs. A. Froment and were genuinely surprised when they heard the band outside the door and found their home surrounded by a hundred well wishers who after impromptu congratulations escorted the couple to I. O. O. F. hall. Here dancing was inaugurated to special music under the direction of Prof. Frank Knolle, the fraternal orchestra comprising seven pieces. There was a wedding march led by Mr. Pauli and his bride at the termination of which the couple were presented with a chest of handsome community silver of the Adam pattern, a gift of the Lodges. The presentation speech was made by John Wagon and acknowledged with deep feeling by Mr. Pauli.

After two or three hours of jollity, entertainment and dancing there was a fine feast served in the banquet hall which was prettily decorated. Festivities continued until a late hour, everyone enjoying to the utmost this fine affair in honor of a young couple well beloved and highly regarded by all who know them. Both Roy Pauli and Mrs. Ada Pauli have contributed much to the enjoyment and happiness of many social evenings in Sonoma for years past and the pretty tribute paid the Native Son, his bride and his mother Tuesday night was deservedly bestowed so declared everyone present.

## NEIGHBORHOOD CATTLE ROW STILL ON

The neighborhood cattle row in the Waller tract still holds the boards in our local Justice Court. Now comes R. L. Waller and asks for a warrant for the arrest of the Moscowitz, father and son, on a charge of disturbing the peace. Moscowitz followed this up with a demand that Waller be arrested and claimed that the irate land owner fired the first shot in the guerrilla warfare being waged in the once peaceful browsing fields south of Sonoma.

Moscowitz claims that Waller took up some of his stock and refused to accept a check for their release. When Moscowitz attempted to drive his animals away with the herd he was talking to Napa, Waller took direct action and behaved in a threatening manner.

The troubles of these neighbors will be threshed out in court shortly.

## 20TH ANNIVERSARY DINNER TO CITY CLERK AND WIFE

Dr. and Mrs. Hartley Gottenberg Were Guests of Honor on China Wedding Day.

Dr. Hartley Gottenberg, City Clerk of Sonoma, and his wife were the guests of honor at an elaborate and beautifully appointed dinner last Sunday at the Appleton home. Covers were laid for sixteen and the guests included a few old time friends of the couple. The dinner was given by Mrs. Appleton complimentary to her daughter and son-in-law and arranged by her eldest daughter, Mrs. Currie Burlingame. The artistic decorative ability of Mrs. Burlingame transformed the Appleton home into a scene long to be remembered, for the beautiful tints of autumn foliage from the maple trees were used most effectively with the gold color effect which prevailed in the lighting, and the table decorations, carried out in flowers and place cards. A delicious course dinner was partaken of by the congenial company from five to seven o'clock the courses being interspersed with congratulations and joyous remembrances. The twentieth wedding anniversary being the china wedding, Dr. and Mrs. Gottenberg were presented with a set of Haviland china to match their dinner service.

Mrs. Gottenberg wore her wedding gown just as fashioned twenty years ago.

The invited guests at the Appleton home on this happy occasion were Mr. and Mrs. Will Appleton of Berkeley, Mr. and Mrs. C. E. Johnson, Mr. and Mrs. Chas. Cutter, Mr. and Mrs. H. F. Bates, Dr. and Mrs. W. J. Hayes, Mr. and Mrs. G. H. Hotz, Mrs. Appleton and Mrs. Burlingame.

Mrs. Middleton Glaister of Santa Barbara has been visiting at the home of her parents, Mr. and Mrs. B. Thomas for the past two weeks while attending to business connected with her Sonoma property interests.

## MANY ROAD IMPROVEMENTS IN VICINITY OF VINEBURG

With the coming of the first rains, Supervisor Weise has been speeding up road work in the vicinity of Vineburg and out to the Napa County line. Roadmaster Fred Helberg has had two big county trucks hauling gravel on the road from Vineburg to the Stornetta ranch. One of the trucks in use was loaned to Supervisor Weise by the Healdsburg Supervisor, A. D. Goddard and has a capacity of 4 1-2 yards to the load. The other truck belongs in this district and has a capacity 8 times that of the old time teams. The trucks are loaded with a scraper in 8 minutes and their use is in line with Mr. Weise's policy of modern and efficient methods in road work.

The much needed improvement in widening the turn at the Hyde corner, where several bad accidents have occurred, has been made, a 38 foot concrete culvert having just been put in. A 30 foot culvert has also been constructed near the Adolph Rubke place. These fine and substantial improvements are much appreciated by residents in the vicinity and the traveling public in general.

Mrs. Randolph is entertaining her daughter Mrs. Otto Spindler and three interesting little grandchildren at the Randolph home south of town.

Wm. Daly of San Francisco has been in town the past week greeting old friends and looking after his property here.

Mrs. Georgie Stickle has returned from Oregon where she spent the summer at a big summer resort owned by her brother there.

Mr. and Mrs. Hamil Wagon were here from Patterson this week coming up Tuesday from Oakland to attend the Pauli reception given by the I. O. O. F. and Rebekah Lodges. Mr. Wagon has been attending the Teachers Convention in Oakland. He has a nice position as manual training and athletic instructor at Patterson, thirty five miles from Los Banos.

## CONTRIBUTIONS COMING IN FOR NEW FIRE ENGINE

Triple Combination Pump and Chemical Engine to be Purchased by Popular Subscription For Protection of Community.

At the regular meeting of the Business Men's Association Monday evening, the committee of citizens and mechanical experts who were asked to investigate fire engines recommended the purchase of the Waterous Fire Engine, the cost of which is to be \$3800. This is the engine originally selected and comes highly recommended and guaranteed to be a perfect fire fighting machine. It is a combined pump and chemical made to meet the needs of small cities which cannot buy the \$10,000 engine put out by the Waterous people who are specialists in the manufacture of fire engines.

The following testimonial of the Waterous fire engine comes from the Chief of the Fire Department of Lancaster, Texas where a fire engine such as this to protect Sonoma is in use:

"Our Waterous Fire Engine has given entire satisfaction. Been in service twenty months. Pumped four hours continuously at one fire, no engine trouble whatever. Have demonstrated Waterous Engine for State Fire Inspectors and Insurance Inspectors. They were satisfied after seeing engine pump steady for one hour."

Yours Respectfully,

E. B. ANDERSON, Chief.

## R. Q. WICKHAM, SECRETARY AT STATE HOME, DIES

Prominent Man and Former Politician is Called to Broader Fields of Usefulness.

Ransom Q. Wickham, widely known official of the State Home at Eldridge, has been called to broader fields of usefulness. Mr. Wickham passed away Wednesday from chronic heart trouble and his death though somewhat expected has cast gloom upon the institution and throughout the large circle of friends and acquaintances of this genial and talented man. He was long prominent in state politics and at one time took an active part in affairs at Sacramento. A son, Assemblyman Geo. Wickham of Southern California has been his recent successor in political activities of California and ably followed in the footsteps of his father.

Just a few months ago, Mr. Wickham took a well deserved vacation and went east to attend the Republican National Convention where he hoped to see nominated his former classmate and schoolmate Governor Lowden of Illinois. While away on his trip, he suffered a serious attack of heart trouble and congestion from which he never fully recovered.

Mr. Wickham has been secretary at the State Home for many years and in addition to his official duties found time to devote to literary work and but recently published a neat little volume of verse full of his happy and quaint philosophy of life. He was also a practical farmer and took keen interest in the Red Rock ranch where he at one time owned many fine Duroc Jersey hogs.

He was a man of kindly and sympathetic manner, lovable personality and had devoted himself to the study of the interests of hundreds of unfortunate at the People Minded Home year after year. He was with the greatest reluctance that he gave up active work some weeks ago and went to the hospital for treatment.

The funeral services will be held at the State Home today (Saturday) at 2 o'clock.

Don't forget the Hallowe'en dance at the Woman's Clubhouse next Saturday night. The new club of young men is giving the dance and the Woman's Club will serve refreshments. Music by Wilson's Jazz Orchestra.

Winter dances every Saturday night in Sonoma at the Clubhouse have been arranged by Wilson's Jazz Orchestra. Mr. Wilson has included Sonoma in his county circuit.

Every Tuesday night beginning Oct. 26, there will be a whist and pedro at Caliente Villa. Card players will be pleased to know of these social games.

## Party Label vs. Proven Worth

**PARTISAN** wrangle and spectacles such as we saw at Washington but recently when to discredit the administration, the opposing party scrapped everything good, bad and indifferent, has stirred the ire of many Americans who hitherto clung tenaciously to the theory of government by parties and believed that men should be elected for their political complexion rather than for their personal worth. Those who sought to humiliate Wilson and tie the hands of the party in power were not thought capable of such petty and degrading tactics but it was demonstrated that Republicans as well as Democrats are not above the old time demagogic methods and that the perfect day of a party committed to high principals and resolved to pull no cheap political trickery has not yet dawned in this country. Political parties and national conventions are more than ever hatcheries for petty coups and partisan plots until it has become almost impossible for them to promulgate platforms that have a sincere ring.

As a result the average voter turns from the idea of simply sending men to Washington on the strength of their party label and turns to men who have demonstrated their ability to represent the sections from which they come or shown their calibre where important issues have been presented for consideration. It is for this reason that many Californians, regardless of party are united on the candidacies of Senator Phelan and Congressman Lea whom they wish to see continue their effective and brilliant work in behalf of California at the National Capitol. In electing these representatives we know the men and can be assured that we are sending to Washington men and not pawns to play a new political game.

## A Wholesale House Cleaning

**THE RECENTLY** deposed County Engineer has a sympathetic walk-out, about forty of his staff having announced their resignations to take effect with that of Aldrich. A set of resolutions calculated to have profound effect upon Sonoma County folks were prepared with the outgoing engineers names attached thereto.

The action of the sympathetic crew may have had the calculated effect in some quarters but in the three quarters of Sonoma County where the work of the Aldrich organization has been viewed along with the bills that went with them, there is a pretty well defined sentiment expressive of satisfaction that we are having a wholesale house cleaning with but little trouble a much easier process than weeding out sulky or incompetent employees. The Aldrich regime was too saturated with politics and altogether too automatic to suit the majority of people in Sonoma County who were paying the bills. Let us hope that the new County Engineer will put to work some good old-fashioned workmen, not quite so strong on organization but strong in the back and willing to give a full day's work for a full day's pay.

**SO LOS ANGELES** wants the State Fair! All may be fair in love and war, but not in Los Angeles where even a State Fair would straightway become a Los Angeles Fair. Many products grown in Northern California have completely lost their identity and origin when once in the possession of our foxy Southern neighbors. Once in a while some escapes from the tainted territory get up as far north as Sacramento at Fair time and are usually astounded at what California has to offer in the way of splendid products. Were the State Fair to be held in Los Angeles, the advertising in connection therewith would be so camouflaged that the unwary would be made to believe that Los Angeles produced everything on display with the possible exception of San Francisco fleas. Keep the State Fair at Sacramento or if it is too warm there, bring it to Sonoma.

**THOSE WHO** favor the Harris Act would give out the impression that it is not a question of wet or dry but of law or lawlessness. The respect for laws of mushroom growth making crimes over night is not a test of good citizenship either, according as we see it. More law and officers to enforce unjust law will but magnify the fiasco of National prohibition and emphasize the desirability of temperance in all things. Vote No on the Harris Act, Prohibition Enforcement.

**THE VERY LATEST**—Modesto is to prohibit dances after 1 a. m. It is used to be that the saloons had to close by 11 p. m. Now that they cannot regulate them they are after something else. The regulation mania will never rest in this land of the free until they get us all into bed by 1 o'clock, and put a speedometer on us by day lest we waste too much energy that might go into beautiful reforms. The man of individual judgment is doomed to be a nonentity. The "hellier than thous" are doing his thinking.

**COMMUNITY** builders prepare the nest and prosperity does not take long to lay the eggs. We do not want to count the eggs before they're hatched but we'll bet there will be some after Sonoma's new streets are put in.

**ALAMEDA'S CITY** manager has pictures taken "before" and "after" city improvement work. Sonoma must get into the Alameda class and get a snapshot of its old fire apparatus to hang alongside of the one we expect to sport by 1921.

**PASADENA** is going to pension its city officials after 25 years of faithful service. It might pay some cities to pension their officials after the first year.

## A PIONEER MOTHER CROSSES GREAT DIVIDE

Mrs. Jackson, Mother of Mrs. J. H. Shofner Passes Away Following Accident Last Month.

Mrs. Jackson, mother of Mrs. J. H. Shofner, with whom she had been making her home, passed away at the Childrens Hospital, San Francisco, last Friday. Mrs. Jackson had suffered a fall from the Shofner car here about three weeks ago and broke her thigh bone. She was taken to the hospital for treatment but dread pneumonia developed and owing to the advanced years of the patient nothing could be done for her.

Deceased was a pioneer mother of California having come here in 1853 from New York state. Her husband was a store keeper in the mines and later engaged in business in Oregon where he passed away in 1891. After her death, Mrs. Jackson made her home with her son, Carl H. Jackson, at Portland. A little over a year ago, she came to Sonoma to reside with her daughter, Mrs. Shofner. She was a bright and interesting old lady and so active and alert mentally that she cast her vote at the recent primary election.

Following the accident last month which was caused by the heel of her shoe catching as she was about to alight from the automobile she was wonderfully brave and hopeful that her stay in the hospital would result in her early home coming. She was destined however to answer the higher call to Eternity, and passed away calmly, as the shadows of Death unfolded her. Funeral services were in San Francisco and conducted by a minister of the Episcopal church of which deceased was a member. Interment was here in Sonoma, the remains being laid to rest in Mount-in cemetery beside loved ones gone before.

## ARTHUR YOUNG TURNED OVER TO COURT WANTS PROBATION

Arthur Young, the dapper drawing room culprit who while out on probation victimized a prominent Sonoma Valley family and drew spurious checks which his host had to make good, has been turned over to Deputy Sheriff Ryan to answer the charge preferred against him a year ago. Young disappeared after his escape in this valley and was finally apprehended while attempting to out over one of his favorite checks in San Francisco.

Young plead guilty here and is again asking for probation. This case will be considered by Judge Seawell and John Plover, Probation Officer.

## AUGUST MOEBES PASSES AWAY AFTER LONG ILLNESS

August Moebes, well known in San Francisco as one of the old employees of the former Heidelberg restaurant, and prominent in Lodge circles, died at his country home in the Baxer tract near this place Monday after a lingering illness. Everything that medical skill and tender care could do to alleviate his troubles was done by his devoted wife but to no avail, and the patient gradually sank until death came to relieve months of suffering. He succumbed to Brights disease.

All that was mortal of the former genial restaurateur and host was borne to San Francisco Tuesday afternoon where at Cypress Lawn cemetery the last sad rites were conducted in the presence of his widow, family and sorrowing friends.

Mr. Moebes was a native of Germany, aged 65 years. He was a member of Sonoma Stamm No. 293, O. R. M.

Besides the widow, Augusta Moebes, a son August Moebes Jr., and two grandchildren survive deceased.

## BACK FROM VISIT TO IOWA

Leiland Brubeck returned last Sunday from a two months visit in Iowa. Mrs. Brubeck and little one remained at Elgin where her folks, the DeSart family reside. Mr. Brubeck was called back to Sonoma on business matters in connection with the lease on the Stoneberg ranch which he has taken over from Ralph Thompson.

Mr. Brubeck found the middle West exceedingly prosperous and was assuaged at the corn and hogs he saw in Iowa. A cannery in the town where he visited was canning over two million cans of corn a day.

Mrs. Brubeck will remain for a longer visit with her parents and brothers one of whom is a physician at Elgin.

## WOMAN'S CLUB MEETING

Mrs. Lenora Fochetti presented an entertaining program at the Woman's Club last Friday afternoon, the regular social meeting date.

Mrs. W. C. Wilson sang two beautiful songs and three ladies from Mill Valley presented arguments on the Anti vivisection Amendment. Mrs. V. Colvard brought her two fine English sheep dogs and recited the noble deeds of the animals while over in France during the war.

Mrs. Sonnenberg prominent in Juvenile Court work talked against the practice of vivisection and Mrs. Neenands, formerly of the Boston Herald was also present.

The refreshments served by the club hostess, Mrs. Neal Dodge were added to by Mrs. E. D. DePlace who presented a fine cake with which to start a fund for the addition of a dining room to the clubhouse. The 1920.

## FRUIT GROWERS DEPARTMENT ORGANIZED

The formation of a fruit growers department of the Sonoma County Farm Bureau, became a reality at a meeting held Friday, October 15th, at which by-laws and program of work were adopted for the new department. This department follows the same form of organization as the Poultry and Dairy Departments of this organization but states for its object the following:

  - (a) Good orchard tillage, cover crops and fertilizer methods.
  - (b) Improved pruning methods.
  - (c) Efficient insect and disease control methods.
2. To furnish a medium through which the methods of control of insect pests and plant diseases advocated by the County Horticultural Commissioner can be brought before the fruit growers of the County in a more effective manner than is now possible.
3. To test out pruning, pest treatment, or any other methods for improving the yields in cooperation with the officers of the Deciduous Fruit Experiment Station and the Pomology Division of the University of California.
4. To encourage any movement which may have for its object or its result benefit to the fruit growers of the County.
5. To hold regular field meetings and demonstrations in each of the horticultural districts of Sonoma County including Sonoma Valley to discuss matters of interest to fruit growers.

Messrs R. L. Watt, Geo. Cassidy and Fred Heggie have been named by the Sonoma Farm Center to cooperate and select an orchard test plot in this valley. At the Farm Center meeting here Friday night Henry Hyde's motion to specialize on the study of fertilization and thrip control, carried, and work along these lines will be followed.

## Californians, Do you still love your liberty?

The State Prohibition Act (commonly referred to as the Harris Bill) will appear upon the November election ballot as Proposition Number 2.

It applies only to California and is perhaps the most drastic enforcement law that has been proposed in the United States.

If enacted it means that California will be absolutely, positively and forever a prohibition State.

The Volstead Act may be amended to permit the use of light wines and beers in other States in the Union.

California could not and would not enjoy this right if Proposition Number 2 carries.

If the State Prohibition Enforcement Act becomes a law light wines and beers and personal liberty are gone forever in California.

## BEATEN IN FAIR FIGHT BUT STILL THEY WHINE

At a fair and open primary the voters of the Republican Party, with full knowledge of the work of Charles F. Lea in Congress and which they deviously approve, selected him as their candidate for Congress. Anybody else now trying to pose as the candidate of the Republicans is simply dealing in political deception.

The "independent" of whom we now and then hear, is no more a candidate of the Republican Party than is the socialist candidate for Congress. He is probably a good man personally. Probably not one person in twenty in Sonoma County knew such a man was in existence until shortly before breakfast one morning. However he has given ample proof to the voters of this County, of his unfitness for Congress, when he mentally coterie of disgruntled, mentally dwarfed politicians to use him for their day.

Howard of Lakeport, who was the leading opponent of Lea in the primary, showed much better sportsmanship when he sent a congratulatory telegram and pledged his support to Lea. He played the part of a gentleman and a scholar. These agitators of fake party candidates ought to quit whining and act like men once in a while just to vary the monotony, even if they can't feel like men.

Four or five Republican candidates for Congress and forty-four candidates for the Legislature in this state have the nominations of both the great parties. So what is the matter with the disgruntled coterie?

## LUTGENS HOUSE NEWLY PAINTED

## WEISE GAINS STRENGTH AS ELECTION NEARS

Supervisor's Friends Rally Around Him and Tell Why He Should Be Kept on the Job.

Supervisor J. H. Weise is gaining strength in every portion of the First District as the date of the Election draws near. With all the arguments and pleas of his opponent's backers sifted, voters declare they see no reason for a change of our representative on the Board of Supervisors.

There is a marked sentiment to retain an experienced honest man on the job. Weise supporters declare that no private citizen or firm would consider for a moment the dismissal of a trained and efficient worker. Taxpayers have come to realize the prodigious amount of waste involved in political changes. Everything is far too expensive now days to be playing a political game of this kind.

Business is business and voters are getting more businesslike every day. Supervisor Weise has been serving this district for two terms and during these years the matter of road upkeep has been revolutionized. The automobile traffic has grown wonderfully. The road repairs which formerly did fairly well for teams and horse drawn vehicles has proven utterly inadequate for machine travel.

Not in Mr. Weise's district but all over California road conditions with autos in use took on an entirely different complexion. New problems had to be solved, the greatest of which was how to give the people good roads and do it on the money usually expended. To complicate matters, price of labor and materials went skyward and still the public clamored for more and better roads. The people of California voted millions for state roads and almost every county has expended thousands of dollars during the past 8 years on highways and roadwork. Sonoma County lagging behind, trying to perform the

## FARM BUREAU'S ADVICE ON AMENDMENTS

The Farm Bureau Directors at their regular monthly meeting considered among other things amendments important to the agricultural interests of the county and after due consideration have recommended that the attention of the Farm Bureau people of the county be called to the following amendments and recommend that they vote as indicated:

No. 1. Japanese exclusion	Yes
No. 2. Prohibition amendment	No
No. 4. Increase in signatures necessary for initiative affecting taxation	Yes
No. 7. Antivivisection bill	No
No. 9. State Highway finance board	Yes
No. 10. Call for action on state constitutional convention	Yes
No. 11. Poll tax on aliens	Yes
No. 12. Millage tax for support of University	Yes
No. 13. Willing com. property	Yes
No. 15. Organization irrigation districts on majority vote	Yes
No. 16. Financing the Elementary Schools	Yes

Mr. and Mrs. Allen (Mary Valente) of San Francisco visited here last Sunday.

Tonight is the Costume dance at Glen Ellen for the London Memorial Library.

The El Dorado has been given a new coat of paint and presents a fine appearance.

Impossible task of getting roads like other sections on the road money ordinarily expended. Every Supervisor in Sonoma County saw the utility of it. Supervisor Weise with countless roads to keep up realized that patch work and temporary improvement was but a waste of public funds. He therefore determined to do the essential things in road work in his district, although realizing that such a course would not make the showing or satisfy spasmodic clamor for immediate though temporary improvement. When the taxpayers went on record for permanent work, voted equity highway bonds and employed a \$5000 County Engineer, Supervisor Weise felt satisfied that he was pursuing the approved course, in laying a substantial foundation for the future.

He built permanent concrete culverts and bridges to take the place of the old type wooden ones. He put in retaining walls of concrete, and made dangerous roads and turns safe for travel. He has spent public money with the idea of putting in lasting improvements. The traveler speeding along in his car is prone to overlook these essential and substantial improvements which have been made by Supervisor Weise. The motorist thinks perhaps only of the poor surface over which his car travels and does not consider the good judgment of a public official who sees the coming of permanent highway and is getting ready for it in the right way instead of flitting away the taxpayers money in patching up roads to go to pieces again.

The Santa Rosa road, part of which is in Supervisor Weise's district and part in Supervisor Cunningham's has been designated as state highway, the people having voted money at a state bond election to fix it. Tired of waiting for the State Highway Commission to proceed, Supervisor Weise and Cunningham have decided to sacrifice this stretch of road to put it in shape for winter travel. This will be done at once.

The highway to Vineland is about completed. A \$35,000 concrete steel bridge will be built on Sonoma Creek at the site of the old Cooper bridge. A fine stone bridge spans the creek at Schellville. Massive culverts are in evidence all over the district. These and many other enduring improvements are enumerated with pride by the Supervisor's friends as testimonials to Mr. Weise's foresight and judgment in the expenditure of the people's money and the observing of public interest.

Not a breath of scandal, not an intimation of dishonesty of anyone regarding Weise's administration. The fabricated story of a thousand dollars he loaned another Supervisor out of Sonoma road money which was the only tale which could be dug up to mislead the voters, has proven a thin myth. It is customary for Supervisors to exchange courtesies in the way of aiding one another in their road work. The courtesy is possible through the state auto fund apportionment to the counties. Not one dollar of a district's County road money can be diverted or loaned anyone. Supervisor Weise let Supervisor Charles have \$1,000 of the money coming to him from the state auto fund to be repaid when that Supervisor got his apportionment. Supervisor Charles or some other of Weise's colleagues will loan our Supervisor funds in a like manner when this district needs temporary aid. It is simply an exchange of official courtesy and a very useful one. This terrible tale told on Supervisor Weise has been whispered around and poured into the ears of credulous listeners as though it was a tale of hideous crime and graft. Upon investigation it proves pure political broth, the buncom of a bubble blower, the twaddle of a tale bearer.

A review of the eight years of public service rendered by Mr. Weise during trying times, with war intervening and unnatural economic conditions prevailing should convince every fair minded voter that Weise has been a good and faithful servant and should be kept on the job.

Rob'n Hood

The announcement that the opera, "Rob'n Hood" is to be presented at the El Verano Theatre, Wednesday night Oct. 27, brings to mind that when, one day last January, there flashed the news to every payer in the county that Reginald De Koven, its famous composer, had died suddenly in Chicago, that news was marking the passing from the busy world of American journalism and American business life and the American theatre and American good fellowship a splendid, unique figure and one whose memory will always live, along with his immortal Robin and Friar Tuck and "Oh Promise Me" and all the other things that go to make up the most popular opera ever given to our stage.

It would seem enough to be the composer of "Rob'n Hood". Reginald De Koven, however, was journalist, as well as musician, theatre builder and owner, as well as author, manager and producer, as well as composer, and above all, beloved associate and comrade of the biggest men of his day. Like his friend, Theodore Roosevelt, who passed on just a little while before, De Koven could have made his mark in any one of many lines. He did, indeed, leave his name as founder of the Washington Symphony Orchestra, as builder and manager of the Lyric Theatre in New York City, as dramatic and musical critic on several of the great metropolitan dailies, and as author of numerous magazine articles and stories—all this in addition to being our first great popular composer. For this man, born very humbly in Middletown, Connecticut, was the first native musician fired with the ambition to write melodies into play form for that huge, eager public that had longed for Gilbert and Sullivan, and was only waiting to hail the genius that should place America on a par with Europe as an artistic, as well as a commercially creative nation.

The success of "Rob'n Hood" has been so great that, one is likely to forget his other operas, all of which met with an enviable popularity. There was "Maid Marion", "The Red Feather", "Her Little Highness", "The Wedding Trip", and a dozen others.

Settled, Saturday, October 23. Mail orders now.

VINEBURG NEWS

It has been some 5 years ago since I had the pleasure of writing anything about Vineburg, when I was engaged to assist "Easy Jim" with his items. But now things have changed since those "Good Old Days" and I will have to write about "Peaceful" or in other words "Progressive Vineburg".

The grape crop has been picked in this part of the valley and although the crops was somewhat light the prices were somewhat heavy. 50-50 so what is the use of pulling out your vines.

Mr. John Batto and Mr. and Mrs. August Fizeone motored to Napa on Wednesday and were the guests of Mr. and Mrs. Chas. Banchoff.

Mrs. Domenick Colli is visiting relatives in the metropolis this week.

Mrs. Morris Levy one of our most popular society ladies is at present the guest of friends and relatives in the bay city.

Mrs. Louis Martin and children Miss Madeline and Louis Jr. motored to Oakland with Mr. Alfred Finel, a prominent merchant of that city on Monday last and will be the guests of Mr. and Mrs. Finch this week.

Misses Louise and Emily Batto are the guests of friends in the bay cities this week.

Mr. Fred Batto accompanied by his son, Fred Jr., "Buddie" left on Sunday last for the Sierra Nevada as far as Donner Lake and expect to be gone a week or 10 days. It has been snowing there ever since the arrival of the travelers. Many autos are stalled there on account of the snow drifts.

Vineburg has at least one "game sport" and that is Louie Martin who went to the tules on last Sunday morning at 3 a. m., and returned on the 10:30 train with 17 fine Mallard ducks. "Some shot that Louie."

Ethel Eastlake has resigned from president of the Five O'clock Tea Club and her successor will be "Miss Cassie Gossip". I wonder how the women will vote the coming election "Search me."

Mr. and Mrs. Rodney Prestwood have a second little son born this week in San Rafael. Mrs. Prestwood was formerly Miss. Louise Cailleaud of Buena Vista.

GROVER RUBKES RETURN FROM AUTOMOBILE TRIP

Mr. and Mrs. Grover Rubke returned last week from Eureka after a fine motor trip of two weeks in their Liberty Six which took them first to Fresno then up into Lake County and then to Humboldt.

While in Fresno they visited old friends and also met Al Jansen who is employed at Fowler, Fresno Co.

While in Lake County the Sonoma travelers stopped at the leading Springs and then drove to Eureka where they were registered at the Vance Hotel.

They had the best of motorist luck and returned home much delighted with their trip.

Miss Mildred Burchard, Grammar School teacher, went to San Francisco Saturday last to adjust the damage to her trunk which arrived in Sonoma recently with the contents looking as though the trunk had fallen overboard and been rescued from the bay.

Dr. Butler, superintendent of the State Home at Eldridge, has been seriously ill and an operation was feared necessary.

The engagement of Mrs. Mamie Dalph (Foehetti) to a prominent Antioch young man, Wm. Haley, is rumored.

Mrs. Arthur Carmer is visiting her mother, Mrs. Franquin.

The new bungalows being erected in Sebastiani terrace are nearing completion. The plaster Norrbom brothers are putting on the interior finish after which the woodwork will be completed by R. E. **MAYOR RECEIVES WORD POWER BAN IS REMOVED**

Mr. Chas Dal Poggetto, President Board of Trustees, Sonoma, California.

Dear Sir: The rains of last week have made it possible for us to remove all restrictions on the use of electricity for sign and display lighting, and they have been removed, effective at once.

We wish to take this opportunity of thanking you for the help and cooperation you have given us in making the restrictive orders effective. It has been largely because of the splendid cooperation we have received that the power shortage of this summer has not resulted in greater losses to the community.

Your very truly, H. G. Butler, Power Administrator
